About The Coalition

What is the National Special Districts Coalition?

The National Special Districts Coalition is the only national organization representing and advocating for all special districts at a national level.

Organized in 2018, a group of five state special districts associations in California, Colorado, Florida, Oregon, and Utah

On February 5, 2024, Federal OSHA published its proposed rule on emergency response in the federal register. The Oregon Fire Service is working together with Oregon OSHA to provide a response to Federal OSHA's request for public comment. SDAO is honored to participate in this effort and will be hosting this webpage with updates and [documents](#) to assist your district with engagement tools such as template letters and information that can be shared with your strategic partners.
